WORK EXPERIENCE

TRAINEE — Edxera, Kaloor | Aug 2026

- Develop AI-enabled web and Flutter applications using Next.js, Node.js, Django, Supabase, GitHub, and Vercel.
- Work on full-stack application development and integration of AI-powered features.
- Gain practical experience in web/backend development, database integration, and deployment.

AI & ML Intern — Edxera, Kaloor | Jun 2026 – Aug 2026

- Engineered a live emotion-detection workflow using DeepFace and OpenCV with video preprocessing.
- Developed a Django-integrated AI chatbot for information retrieval and user interaction.
- Implemented supervised and unsupervised machine learning solutions for data-driven use cases.

ACADEMIC DATA

Bachelor of Computer Applications (BCA) — Mar 2022 – Mar 2025

SKCMS, Kuruppampady | Mahatma Gandhi University

Higher Secondary Computer Science — Mar 2020 – Mar 2022

Mar Elias Higher Secondary School, Kottappady

PROJECTS

BFIT - Fitness Platform

Python, Django

Built custom workout plans, nutrition tracking, and live/on-demand fitness routines

EBOOK - Digital Platform

PHP, MySQL, HTML

Implemented user auth, searchable listings, cart flow, and secure database setup.

Certifications

Data Science & AI

AVODHA, Ernakulam | 2025

6-Month Comprehensive Course in data manipulation, ML algorithms, and AI development.

AI & ML Training

Elixir Learning Hub, Kochi

Observed machine learning algorithm implementations and performed dataset analysis using Pandas & NumPy.
